9. **Federal Vaccine Mandate**

Mr. Eric Olson, Assistant Attorney General and Dr. Joshua Wynne, Dean of University of North Dakota Medical School, provided information regarding the federal mandate, including, but not limited to the federal rules and regulations related to COVID-19. The Board discussed the timeline to comply, the North Dakota Attorney General’s interpretation and position, and if/how other states are addressing the mandate.

Board members noted they fully support the prerogative of the NDUS institutions to take all reasonable and appropriate steps to comply with federal rules and regulations related to COVID-19 in order to continue to mitigate the spread of the virus and ensure that NDUS institutions remain financially sound. The Board empowers and supports institution Presidents and the Chancellor to make such decisions and prepare such procedures as they deem necessary to carry this Resolution into effect, including to comply with federal guidance and regulations regarding COVID-19 vaccination requirements where not doing so would imperil the fiscal health of the institution(s) or the university system.

Presidents expressed several concerns, including, but not limited to the following:

- Negative funding impacts
- Various Interpretations of the language in the proposed resolution
- Level of flexibility allowed within the federal guidelines
- Definition of federal contracts, contractors, and/or employee(s)
- Decline in research due to reduced federal funding
- Masking compliance
- Impact on student enrollment
- Negative impacts on staff and faculty

Mihalick moved, Louters seconded, to approve the resolution, as presented.

The Board further discussed language in the resolution that gives individual institutions a broad range of authority to take any action(s) to comply with the federal mandate. Some Board members expressed concern(s) that the institutions could take opposing positions and/or actions that differ from one another and could create lack of consistency. They also discussed the level of oversight by the Chancellor, several components of the federal mandate that are not clear and/or have conflicting interpretations, and the guidance is extremely broad, causing uncertainties.

Bye moved, Hacker seconded, to table the motion to approve the resolution as presented and hold a special SBHE meeting within one or two weeks, to allow time for Presidents and Board members to review the resolution.

Further discussion regarding the urgency for a timeline that allows Presidents the flexibility to respond to the mandate deadline, changing components, and to communicate their campus plan(s).

Legal Counsel, Mr. Olson stated full disclosure that he is an assistant attorney in the Attorney General’s office and policy 820 includes a benefit that would be available to him if they Board passes the proposed amendments. He explained that in previous years, the system office employed legal staff; however, legislation has removed them from the system office and placed them under the Attorney General’s office. General's office assign legal representatives to the SBHE and system under the new structure. The draft policy would qualify legal representatives that work with institutions and their dependants for a tuition waiver to the NDUS institutions.
