NDUS AI Forum
Agenda
Tuesday, January 30, 2024 – 2:30-3:30 pm CST

Meeting via Teams
Click here to join the meeting

1. **Guest Speaker**: Afia Tesneem, EAB

   **Title**: *AI and the Future of Higher Ed: The Five Transformative Opportunities*

   How will AI transform higher education? This isn't just a question for the future—the changes have already begun. From reshaping curricula to hyper-personalizing student support services, AI's footprint in higher ed is growing fast. What do senior leaders need to understand about this disruptive force? Attend this session to hear EAB's Senior Director and AI expert answer that question and more. We’ll share our latest research, including reflections from conversations with over 100 cabinet leaders, including presidents, CIOs, CBOs, and provosts, and discuss:

   - How students, faculty, and staff are adopting AI across campus
   - The 5 transformative opportunities AI presents for higher education
   - How leaders across colleges and universities are preparing for the AI revolution

   **Afia Tasneem** is a Senior Director and Head of IT Strategy Advisory Services at EAB. Afia is one of EAB’s leading experts and thought leaders on the trends, challenges, and opportunities shaping the higher education landscape and currently overseeing AI research at EAB. Afia is often called upon to provide advice and facilitate conversations with cabinets and boards of higher education institutions.

2. **Open discussion with Afia**

3. **Interesting reading**

   *Information about University of Michigan’s Maizey system*, a generative AI tool that combines ChapGPT and locally trained data sets to create a chatbot for the campus community. [https://its.umich.edu/computing/ai/maizey-in-depth](https://its.umich.edu/computing/ai/maizey-in-depth)

   Here’s more about Maizey and how it can help create a teaching assistance AI tool [https://www.youtube.com/watch?v=Sn2bpp6kcU4](https://www.youtube.com/watch?v=Sn2bpp6kcU4)
Applying AI to Improve Courses, Teaching, and Learning. A discussion of AI and teaching, it is hosted by the author Jeff Selingo with speakers from ASU, UW (Wisconsin), and elsewhere. Wonderful discussion and very relevant. https://vimeo.com/881057230?mkt_tok=NzQ4LU1JVi0xMTYAAAGQ4MloGLD5blv90Pg-hep7TENDNeiKKy97WMeNWgU7YJRtdcCY5dZIJCe63fiER-OzH_v4UoswnkFR3E2IF3tUfNZgl00ePSdOTcJvjypI5QShhY

4. Future meetings of interest

Next meeting: Tues, Feb 13th (230pm) We will host a third guest speaker
