

North Dakota State Grant and Scholarship Programs 2019 - 2020

The cost of attending college varies depending on the college selected, the number of credits enrolled, as well as other expenses such as room/board, books and supplies, transportation and other miscellaneous educational and living expenses. Financial aid programs, such as grants, scholarships and reciprocity programs exist to help students make college affordable. The North Dakota University System administers grants, scholarships and other incentive programs for students and graduates.

What are some of the options?

- **GRANTS:** Financial aid, often based on financial need, that does not need to be repaid. State and federal grants are available.
- **SCHOLARSHIPS:** Money awarded to students based on academic or other achievements to help pay for education expenses. Scholarships generally do not have to be repaid. Remember to research for private as well as institutional scholarship opportunities.
- **LOANS:** Money taken out on loan to pay for education and related expenses. Student loans must be repaid with interest.
- **WORK:** Federal and institutional work programs can help students earn money to pay for college.

The 2019 North Dakota Legislative Assembly passed House Bill 1171, creating a skilled workforce scholarship and student loan repayment program aimed at attracting people into high need and emerging occupations in the state. The result is the ND Career Builders Scholarship & Loan Repayment program.

- Qualifying programs reflect the high need and emerging occupations in the state
- Both the scholarship and loan repayment have ND residency and ND work requirements
- Up to \$17,000 benefit
- The private/public partnership requires a \$1 of private-sector funding for each \$1 of state funding
