

ND career builders
Scholarship & Loan Repayment

How Can the ND Career Builders Scholarship & Loan Repayment Program Work for You?

The ND Career Builders program provides matching funds to help North Dakota businesses recruit employees and keep our talent in North Dakota. We are seeking businesses to participate and invest in this unique partnership!

A tool for businesses to recruit and retain talent in high-need occupations in ND, this innovative partnership provides \$1 of state funds for each \$1 of matching funds, up to a total of \$17,000 per recipient! Individuals can receive a scholarship on the front end, loan repayment

on the back-end, or both, for their commitment to the state to fill one of the high-demand occupations. It is a win-win for businesses, students, employees, and the state!

The program is driven by high-demand occupations in healthcare, manufacturing, information technology, industrial and skilled trades, education, social services and professional services. For a complete list of scholarship qualifying occupations and programs visit ndus.edu/career-builders.

“Collectively, businesses and communities must work together to help align our young adults in career paths that will be successful in our local communities. The Career Builders program helps make this happen.

– Brad Barth, Exec. Dir., Forward Devils Lake Corp.

Why are businesses and private-sector dollars needed?

The ND Career Builders program is a partnership between businesses and the state. The ND University System (NDUS) cannot issue payment without matching funds. Scholarship or loan repayment dollars issued by businesses are doubled using the ND Career Builders program. Businesses contribute to specific colleges, programs, or students. A donation form can be found at ndus.edu/career-builders.

This program changes lives, builds communities and makes a significant impact in ND

Businesses and students across the state share their experiences with the program.

For their full Q&A, visit our website at ndus.edu/career-builders.

By investing now, businesses are going to be helping the future of our young adults and state as a whole. Young adults need to be shown they can pursue careers, and financial assistance is necessary to do that.

– Alyssa Stein, BS Nursing, Sanford Medical Center

Any business looking for new hires should participate in the Career Builders program. Investing in the program helps students achieve their goals and makes it easier for businesses to find new hires.

– Adam Davis, AAS, Bismarck State College

Be part of the solution to keep talent in ND.
